COURT RULING ADVERSE TO LAW JOURNAL

Judges L. W. Doty and A. D. McConnell of the Common Pleas bench have refused the rule of the publishers of the Westmoreland Law Journal to have their paper recognized as the whole cheese when it comes to legal notices. The wise decision of these judges knocks out what otherwise would have been a thorn in the official flesh of the county and their answer is just what was expected by the general public. This little pamphlet was thrust upon an unsuspecting public by Messers. John F. Wenthing and W. S. Rial two young aspirants for financial fame at the Westmoreland county bar and they sought to make their venture a paying proposition from the start by asking the courts to make a ruling that every notice from which there is a semblance of revenue be published in their sheet. Judge Copeland of the Orphans Court bench signed the parchment but his action had no influence upon the judges of the common pleas bench and when the matter came before them they refused the rule.

The papers of the county except one were of one accord in the matter and fought against any such mandatory order for they realized it was a conniving scheme to "corner" all the legal business of the county and put thousands of dollars annually into the pockets of a few designors who desire to step high with dividends off the forced sale of the property of the poor litigants of the county.

There can be no objection to the establishing of a law journal in the county but it is not right to ask the litigants to establish it.

MRS. TESCHKE ENTERTAINS HER SUNDAY SCHOOL CLASS

Mrs. Paul E. Teschke entertained the boys of her Sunday school class at her home 415 Park Way last evening. The hours were from 4 to seven o'clock and a luncheon was served consisting of Easter dainties. Each boy was presented with a "token of love" in Easter greeting. The boys enjoyed the hospitality of their teacher very much and all departed with a vote of thanks for the pleasant time.

ROGERS & GRILLEY NOTED ENTERTAINERS

Rogers & Grilley, the much talked of harpist, orator and singers are to be at the opera house this evening in one of their inimitable enertainments and wind up the years course in Monessen, and as this is the closing number, our people should not fail to take advantage of the opportunity to hear one of the best of the entire year's series. There has been no entertainment in recent years more successful in satisfying the better class of patrons than the Rogers Grilley recitals, embracing the best and choicest in literature and music.

From the harp classic with which Mr. Rogers opens the program, followed by a group of impersonations and original selections by Mr. Grilley, the listeners are carried through a series of artistic efforts in the realm of pathos, humor and music until the closing number leaves the audience wondering if it is really true that such a delightful evening has been given by a company of only two people. Every season finds the company with fresh novelties and stricking selections which enable them to present a brand new program at each appearance. A feature worthy of especial mention is their continued reappearance on the strongest and most conservative course in the United States in such cities as Brooklyn, Baltimore, Chicago, Cleveland, Boston, Philadelphia, Pittsburgh, San Francisco and Washington. Don't forget, at the opera house tonight.

ADULT LADIES BIBLE CLASS FETED BY MRS. MYFORD

Mrs. Frank Myford entertained the Ladies Adult Bible Class of the Methodist church at her home on Schoonmaker avenue on Monday evening, and a most enjoyable season was spent. A general discussion of church, religious and class work was indulged in, along with a general sociable intermingling, music, talks, etc., followed by the serving of a most pleasing and appetizing luncheon just before the home going, and all present enjoyed the evening very much. Guests were Mesdames Alexander, McCreary, Braun, Flemming, Myers, Watkins, Wood, Grey, Odbert, Jones, Grove, Ross, Haury, Lipnicky, Snider, Hamilton, Steel, McGowan, Craig, Sheplar and Flack.

IMPRESSIVE SERVICES IN OUR LOCAL CHURCHES MARK THE CLOSING WEEK OF LENT

A most impressive and interesting series of services this week at St. Leonards Catholic church following Palm Sunday and will end the Lenten season with Easter Sunday.

Palm Sunday was very appropriately observed with special services and the issuing of palms to all members of the church, this being a part in the church services commemorative of the death and resurrection of Christ.

Tomorrow, known as Maunday Thursday, in the church calendar, preceding the day on which Christ gave up his life, the morning service will be at 8 o'clock, the service being commemorative of the institution of the blessed sacrament.

Good Friday, the morning service will be also at 8 o'clock commemorating the Saviour's death. At 7:30 in the evening there will be a special sermon by Rev. P. J. Hasson.

Easter Saturday, services at 8 a. m., at which time will occur the blessing of the Easter water to be used in the impressive services the following day.

Sunday morning will be observed the special Easter service at 10:30, at which time a most beautiful musical program will be followed, and as this is one of the most impressive services of the entire year, the attendance will be large.

At the other churches of the Catholic faith in our town a similar program will be followed, but among what is known as the foreign churches, the services will be somewhat varied. One of the noticeable features is that of each family preparing during the week their food for Sunday, and on Saturday taking it before their Priest at the church and having it blessed.

We are told that once every four years this is made sort of a union service among this class of churches, all uniting and taking their baskets to be blessed at one time and place, and as a great portion of Monessen's populace is made up of different nationalities and creeds, there is great activity among the various Catholic believers this week in preparation for the blessing of the food, and the general Easter services which is most impressive, and to them, the greatest religions event of the entire year.

WELSH LADIES CHOIR PLEASED MONESSEN

Last night at the opera house a large and representative audience heard the Royal Welsh Ladies' Choir in a program of music and song that pleased all hearers, was pronounced by the most critical to be the best number of its kind that Monessen has ever had the pleasure of supporting. Madame Hughes-Thomas, the directress was all and more than she had been said to be, her work being near perfect in every way. Her supporting talent is of the highest order, each lady showing careful and delicate training in her line of work. Each number was received by the audience with most enthusiastic encore, and all in-all, the Royal Welsh Ladies received the most hearty reception ever accorded a course entertainment in Monessen.

MANIKINS ALREADY FAVORITES AT STAR

The attraction at the Star theatre last night bore out Mac in his assertion that he had one among the strongest bills he had ever brought to his house. Lamb's Manikins are wholly mechanical theatrical company of little people, but they are real just like realy righty actors. On the Star's stage is erected a miniature theatrical stage, boxes and all, even to the orchestra, and in each box are enthusiastic admirers of the performers on the stage, and they do their share of applauding whenever a hit is scored on the stage. Truly this is a top notch feature and must be seen to be fully appreciated Sith and Roland in a high class singing act are decidedly well up in their roles and pleased the large audiences as did also Miss Viola Conley, a petite little singer who has a very sweet, full and well rounded voice. Two good moving pictures complete one of the finest novelty numbers yet seen at the Star and none should miss it.

TO RAISE MONEY FOR PARK IMPROVEMENT

At the last meeting of council that body wisely set aside an appropriation of one fourth mill as a revenue from all the taxable property for park improvements. This is the first council that gave this important matter any consideration in a financial way. This will mean that this year the town will have about $1,500 to spend on putting the two plots of ground called parks into presentable shape. It has long been contended on the part of the public that a step should be taken toward beautifying these public grounds but there never seemed to be a time when the money could be spared. In the report of the finance committee and the fixing of the millage the matter was taken care of in a sensible and economical way. The Board of Trade in conjunction with council contemplates activity along the line of park improvements and to further the movement a committee has been appointed to look after the details. Supt. George Nash is chairman and he expects to call a meeting soon and get active along this line. It has been suggested that the money appropriated from taxes be spent in landscaping the plots and that as far as progress is made this year that the improvements be of a permanent character. As soon as the money is available the work will be started under the direction of the city authorities.

MONESSEN VS. DONORA TOMORROW EVENING

The Christian church basket ball team will play the Donora boys in the church basement Thursday evening This will be the deciding game of two out of three and will designate the winner. The teams are evenly balanced both having won a game and the contest of tomorrow night promieses to be something a little out of the ordinary and there will be a speck of fun for all who attend.

MILWAUKEE SOCIALISTS ARE DEFEATED

Dr. Gerhard A. Bading, Republican, was yesterday elected mayor of Milwaukee over Emil Seidel, on a fusion ticket. The fusion ticket, with eight aldermen at large and a majority of the ward aldermen is carried into office by a majority over the Socialists of over 18,000.

The result follows the most violent campaign in Milwaukee's history, as evidenced by the fact that 80,000 votes were polled out of a total registration of 90,000, and as compared with 60,000 votes for the highest previous record of any election.

"It means that Milwaukee is no longer a slur on Americanism," declared the fusion campaign manager, Walter Schintz, tonight. "It means that Milwaukee is American once more."

"It is only a two years' delay, socialism will march onward to the capture of the nation," was Victor L. Berger's answer to the election returns. The new administration will take office in two weeks.

ACTIVITY AT NEW MINING TOWN

The new coal and coke town, Crucible, on the Monongahela, above Rices Landing, is the scene of much activity, the tipple of the Crucible Coal Company being rushed by a gang of men employed by the American Bridge Company. Coal is being taken out of the No. 2 shaft for use in the company's forges and houses. Some time ago water from the river entered the No. 1 shaft at a depth of 123 feet but was forced back into the river with a hydraulic pressure of 250 pounds to the square inch, causing the surface of the river in mid-stream to spout about 10 or 12 feet high in three places. The crevice through which the water entered was stopped with 2,500 sacks of cement.

The wall about the inside of the shaft is being finished from a depth of 123 feet down 40 feet to the bottom of the shaft at a thickness varying from six to nine feet. The upper 123 feet of wall is only three feet thick.

Help for the Needy

We note in one of our exchanges that a distinguished educator recently ventured the assertion that one of the principal reasons for laxity in the religion of our churches was attributable largely to the fact that the church had to a great degree, relegated the care of the sick, afflicted and homeless to the state and state institutions. How a man of more than ordinary learning, mature thought and natural perceptive ability could possibly make such an unaccountable blunder is far beyond our conception, as it appears to us that the Church as a whole, and churches in their own respective spheres, have never been so active along this very line as today and never, to our knowledge have churches made such large provisions for the care of the sick and the shelter of the homeless as is being done so far in the year of 1912. It is not necessary to go beyond the confines of Westmoreland county for demonstration of this—no, not even outside of Monessen, for each church bears well its burden, and none are allowed to suffer knowingly, as each church organization has within itself a well managed plan by which the sick, the helpless and the needy, either spiritually or bodily are cared for. One case in particular, we think of where one of our ministers has ministered to the needs of an aged and worthy, but lonely character living many miles out of town for more than 12 years, yet that person was not a member of his congregation; only a few days ago he performed his last earthly duty by ministering the last sad rites and helping to place the remains in its final resting place. Further, right next door, in Pittsburgh, the Church gives very substantial evidence and tangible exhibitions of helpfulness in the most marked types. There are hospitals, homes, orphanges, retreats and other institutions that have never asked a dollar's worth of state aid and never have received one cent from the public. They are supported wholly by the church's gift and private benefactions. Protestant, Cathalic and Hebrew alike are performing wonders in aiding the sick, needy and worthy poor, and no one seeking aid is ever asked at the door of any of these institutions, what is his or her creed or religion, or even whether they believe in any religion at all. The work done by the Salvation Army alone to help the needy is sufficient to dispel any belief in the learned fanatic's far fetched views, and establish stronger faith than ever in the good being done by churches.

Good Citizenship

The qualifications for citizenship in Pennsylvania are surely not burdensome and every man worthy the badge of "American," should feel proud in his possession. The privilege of being an elector is inestimable and there should be fulfillment of each and every requirement. One of the essentials for getting on the voting list is the payment of a state or county tax. The amount is so ridiculously small that the poorest citizen can afford it. Every man who feels that he owns himself will never permit another to pay that tax. Neither will he allow a political committee to buy his tax recept and present it to him just before he enters the booth to make up his ballot. Although this is the cheapest way of "selling out," it is not the most manly by any means, although it is practiced by scores of men, who stoutly deny when brought face to face with the truths. One of our State's most able attorneys has ruled that a tax receipt paid for by any other person, or with the money of any other person than the man whose name appears upon the acknowledgment, is not valid, and cannot be used for registration purposes. This decision should awaken all men to a better conception of American citizenship, and likewise call attention to the fact that the man who dodges the tax collector is an undesirable citizen and a very poor specimen of an American. This decision may do more. It may produce a large number of men who will scorn to be tied to any candidate or party by the mere purchase of a tax receipt by campaign funds. But the lesson of the courts ruling cannot be mistaken or misconstrued. It is decidedly plain that each and every voter must buy his own tax receipt, or run the risk of being disfranchised when he comes to register his vote.

WHY TRAVEL FOR THIS?

Many people travel to far distant points for a "change of climate" to build up their strength.

Now what does this change of climate do for them? Usually if it does any good at all, its effect is to make them eat more.

But if you need more strength and can't afford the time and expense of travel you need not be discouraged.

A. M. Sturz of Bronx Borough, N. Y., suffered from weak, tender lungs and almost continual headaches for over two months. In a letter she says: "Since I have been taking Vinol, the symptoms of lung trouble have disappeared and I have no more headaches. Vinol has built me up and made me feel even much better than I did before this trouble came on."

Vinol, our delicious cod liver and iron remedy without oil, builds you up making you eat more and digest better. It enriches the blood with tonic iron at the same time. Try Vinol. If it does not benefit you we will give back your money. Hirsch Drug Co., Monessen, Pa.

PROSPERITY BRINGS INCREASE IN WAGES

As an index to the prosperity which the country will reap the present year all the coal companies in the bituminous regions have voluntarily increased the wages of their employes This good news will materially increase the amount of money paid out along the Monongahela river and will help business conditions in every town. In addition to the big pays at the local mills much of the money from mining towns circulates here as Monessen business houses rank first in the valley. Not only will this prosperity be confined to the valley but Westmoreland county in general will be benefitted as six coke companies in the county said to employ 20,000 miners and coke drawers, granted their employes an increase, following the raise in wages made by the H. C. Frick Coke company. The companies which granted the increase are the Jamison Coal & Coke company, the Keystone Coal & Coke company, the Westmoreland Coal & Coke company, the Berwind White Coal company, the Penn Gas Coal company, and the United Coal company.

DEATH OF AN OLD MAN FUNERAL BY REV. WALTNER

The death if Charles Wergin of Fry's Station, near Monongahela, occured on Saturday, morning, March 30., 1912. Deceased was an old and respected citizen of that locality having lived there for twenty years, he being 78 years of age. For years he followed coal mining, but a few years ago retired and purchasing a small farm on Pigeon creek, and there lived out the remainder of his days in peace, quietness and contentment. Three years ago his wife died and since then his way had been lonely to a degree, yet he placed his faith in that all-seeign power above and continued to be cheerful. For twelve years Rev. C. J. Waltner, pastor of the German Lutheran church of Monessen had ministered to and sort of looked after and cheered the old gentleman along life's pathway, visiting him frequently, he being of the German Lutheran faith. The deal also includes the plant of the Peoples Ice Company, and a large office building on Mifflin street.

The West Penn Traction company owns and operates electric lighting plants and street car lines in Allegheny, Armstrong, Greene, Fayette, Washington and Westmoreland counties and is said to have more than 100 branch plants. AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treamentt of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store. Craig's Drug store.

TAFT AND TARIFF MEANS PEACE AND PLENTY

You who are farmers, raisers of cattle and raisers of all the products of nature may well take heed how you lend yourselves to a policy that will put out the fires of our great industries, bring our skillful workmen to idleness and their children to want, cut down our home markets and make you competitors with farmers in other lands at a high cost for the transportation of your products by sea as well as land.

The question of tariff is for the advantage of the farmer and of the cattle raiser, and the manufacturer and workman alike. You all stand or fall together.

WHAT THE TARIFF HAS DONE FOR THE FARMER

Very considerable progress has been made in carrying agricultural products to the market and in preserving them for use. Accordingly, as we should expect, the prices of farm products have risen much more rapidly than the prices of manufactured articles. In a very valuable report of the Chief of the Bureau of Statistics for the Department of Agriculture for the year 1910, a comparison is made between the increase in the prices of articles purchased by farmers during the ten high tariff years from 1899 to 1909 and the increase in the value per acre of that which the farmers sell.

For the articles purchased by the farmer the average increase was 12.1 per cent, while the average rate of increase in the value per acre of that which the farmer sells was 72.7 per cent or six times as much.

That's the answer to "What has Protective Tariff done for the Farmer." Isn't it sufficient?

If not, then let the farmer remember the dark days under the Wilson bill.

FREE TRADE NATIONS REBEL AT COST OF LIVING

In answer to those who maintain that the tariff is responsible for the high cost of living in the United States, attention may be called to the admitted fact that the rise in the price level has been universal under free trade, as well as under revenue and protective tariffs. You have for months been reading accounts of meetings, some of which were attended by violence, in Germany, Switzerland, Bohemia, Silesia and Galicia to protest against high prices, of bread riots in France and of loud complaints against the high cost of living in England and Belgium

In Free Trade England, 12,000,000 people, nearly one-third the population, are today on the verge of starvation

WHAT THE TAFT CLUB STANDS FOR

The Taft Club of Pittsburgh, an organization of business men, manufacturers, workmen, office men professional men, farmers and merchants, urges upon you to disregard all party affiliations and factional alignments and give your vote in the coming primaries to those delegates from your Congressional District to the National Republican Convention, and from your Legislative District to the State Republican Convention WHO WILL PLEDGE THEIR SUPPORT TO PRESIDENT TAFT AND THE REPUBLICAN POLICY OF PROTECTIVE TARIFF. We feel that in this way only can Western Pennsylvania and the Pittsburgh Industrial District be assured of Industrial, Commercial and Agricultural Peace and Increased Prosperity. For your own good vote for Taft and Tariff.

If you want to join our club, write to W. T. Mossman, Secretary Taft Club of Pittsburgh, and say: "Please enroll and publish my name as a vice-president of the Taft Club of Pittsburgh." Give your name, your occupation and your mailing address and add a few words of opinion.

Very truly yours,
THE TAFT CLUB

BIG MINERS MEETING HELD AT BROWNSVILLE

Favored by excellent weather, an apparently amicable settlement between the operators and miners of the bituminous district, and the announcement of the advance in wages by the H. C. Frick Coke Company, Brownsville Monday was the scene of the greatest celebration of Miner's Day ever held in the valley. Not only were the union miners of the upper Mononaghela Valley represented, but thousands of non-union miners and coke workers attended the celebration.

The 600 union miners in the parade wore white pit caps. Men grotesquely costumed and other representing miners going to or from work were interspersed throughout the long line. Ten bands furnished the music. Among them was Craft's Martial Band organized in 1847, which served during the Civil War in the Eighty-fifth Regiment, Pennsylvania Volunteers. Only four members survive.

The parade passed over the main streets of Brownsville and South Brownsville. It was led by H. R. Normand, chief marshal. Following came automobiles conveying County Controller Harry Kissinger, Burgess James E. Magee, N. M. Elliott, William Francis Barnard of Chicago, Ill., Colonel Alexander Sunar of Ellsworth, Rev. W. A. Prosser of Pittsburgh and other prominent men.

Buildings were elaborately decorated. To accommodate the great crowds the speaking was conducted outdoors. William Francis Barnard made the principal address. Other speakers were Colonel Alexander Sunar, Rev. W. A. Prosser and officials of the United Trades Council of Brownsville and vicinity.

DOMINANT
Over half of the American cars driven by tourists in Europe are Packards, according to registrations in the Paris edition of the New York Herald.
At mountain touring centers in the United States, Packard cars outnumbered all others, according to registrations at the leading touring rendezvous.
The dominant position at once conceded to the Packard "Six" has so spurred the demand for Packard cars that sales for 1912 models in mid-season exceed the total sales of the 1911 season, 77 per cent of the entire 1912 output already having been sold
